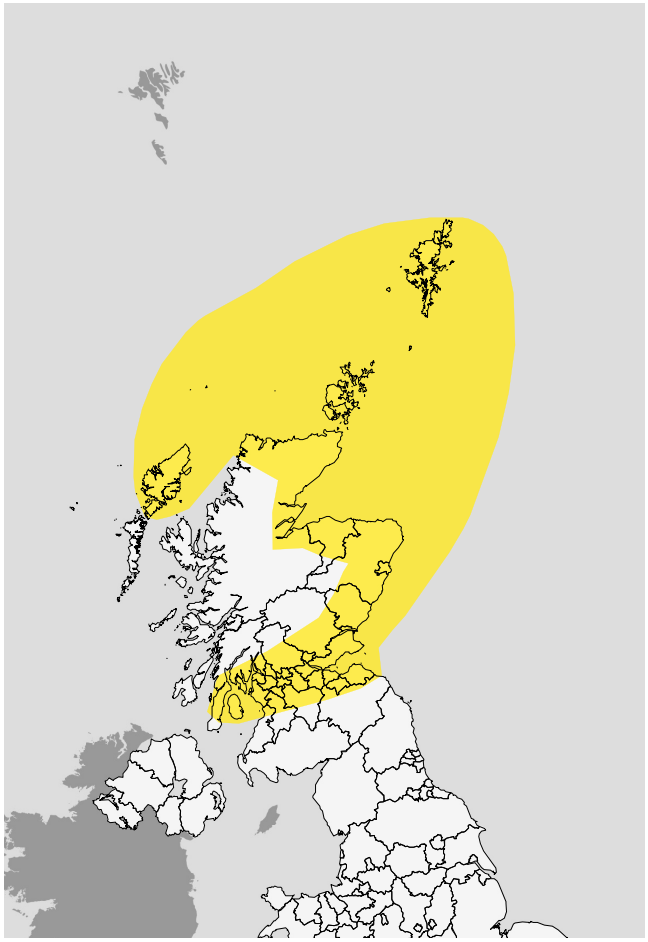
Yellow warning
Snow & Ice

Between
17:00 Thu 9 Mar 2023 and
10:00 Fri 10 Mar 2023



Further snow showers and icy patches likely to cause travel disruption.

What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Snow and hail showers will continue to affect parts of northern and eastern Scotland and also through the Central Belt, with further accumulations of 2-5 cm possible in some places. Icy stretches are also expected on untreated roads, particularly during hours of darkness.

Reason for update

Warning extended to cover showers feeding west through the Central Belt bringing a risk of ice on untreated surfaces through the remainder of the night.

✓ Medium likelihood of low impacts
